

# Fundación Allen Graham Charity 4 Kidz

## ABOUT THE FOUNDATION

Since 1992 Allen Graham has helped to provide for children in care in Mallorca. His kindness has been an inspiration to all and in 2009 his work led to the setting up of the Allen Graham Charity 4 Kidz, which provides much needed help for the children in need in Mallorca with items and help not funded by the state. Every year hundreds of children of all nationalities, are either fostered or taken into care in one of the 27 residential care homes here in Mallorca. These children have been abandoned, badly treated, abused or have parents that are unable to care for them. They come from many different countries (including Great Britain, Germany and other members of the E.E.C.) and from many different backgrounds. Our activities and programmes include but are not limited to, helping these children, with education, employment, financial management, housing and emotional support.

## MISSION STATEMENT

To provide a future for children and young adults, who due to no fault of their own, do not have the opportunity to develop skills that will ensure a secure and safe future. We want these children and young adults to have access to education funding and care so they can become the very best they wish to be. To assist in their growth so they can achieve the things they want in life. To feel they have a future, one that is full of opportunities, hope, joy and happiness.

## ONGOING PROJECTS HOW YOUR MONEY IS SPENT

The money we raise is tangible and accountable: Our main project at present is providing homes and life skills for 18 year olds who have been in care homes for most of their lives. Our residential care home near Inca will house young children who are deemed "unadoptable". At present the house is being used by children in care that come for weekends or to attend courses to learn new skills. Funds will be used for fixtures and fittings and setting up new projects such as an ecological vegetable garden.

One off payments to local families needing to travel with their sick children who cannot be treated in Mallorca. Once a year we support a chosen project in another part of the world. 2010 project was an orphanage in Haiti. Financing of university places for gifted orphans. A new book each on "The day of the Book" and Christmas presents each year for all the children in the care homes in Mallorca.

## GIVE US A HAND

We have three charity shops which help raise money for our projects and pay our overheads. Our volunteers work very hard giving up their own time and take no wages. Please help us by volunteering. Please help us with Christmas presents. Please have a "clear out" at home. Donations of good quality clothing, furniture and bric a brac are welcomed. We can collect large items of furniture.

## BANK DETAILS FOR DONATIONS

Making sure we have enough money each month is crucial. Please set up a regular monthly direct debit. As little as 10 Euros a month makes such a huge difference in a child's life. Have you made a will yet? You can leave a legacy to the foundation so your support continues after your death. Our bank, Bancaja:
